- 1 This unit is a 'Starter module'. Build it first before adding/connecting the other modules in your display.
- 2 The door unit can be installed at any of the two positions in the module.
- 3 As with all fixed-beam modules, be sure to level the complete storage room module before adding your graphic panels.
- 4 When you are ready, you will have 2 set of corner trim left, this will be mounted in each end of the wall.
